Code book for the 2nd interview (30th week of gestation)

Revised of:
Anne Marie Nybo Andersen, professor
Pernille Stemann Larsen, post-doc
Line Stenmann Kantsø, student assistant

Section of Epidemiology, Institute of Public Health, University of Copenhagen

Date of revision: 27.08.2018

Documentation and guidance
All variables start with an B and contain three chiffers (e.g. B000). The answer categories are listed starting with 1.

In most questions, the "undefined" variable has been given code 9, and the "irrelevant" variables has been given the code 10. 11 code for "irrelevant in this version, as the question was not asked". However, in questions with 10 or more answer categories these variables have been given code 99, 100 and 101. In continuing variables, which can include the value 99, the codes 999 and 1000 are used. In date variables code 99999999 and 100000000 are used.

If BSTADGRA = 2 or 3, the values for irrelevant are given in all the following questions.

If a question is dependent on a previous answer a note is written in Concolas (e.g. B001, Dependent on B000) above the question. Likewise it is specified which question the respondent jumps to if the following questions depend on the answer of the question concerned (e.g. → B002).

Variable names ending with a letter (e.g. B002A) is a sub question of the previous question where it does not make sense to assign the question a new name.

INTRODUCTION

Hello, my name is ______________________
Could I please speak to ________________________?

Hello my name is ________________________, I am calling from the investigation #Better Health for Mother and Child"

Thank you for wanting to participate in this investigation. Would it be convenient for you to be interviewed now? If NO, please agree on another time for the interview

BSTADGRA
First of all, are you still pregnant? 1. Yes 2. No → BIKEGRA 3. Do not want to answer → slut

Well, fine.
I would like to begin by telling you a little about this interview.
It will last approximately 10 to 15 minutes.
Participation is voluntary.
I have professional secrecy and your answers will be treated with confidence.
It is important that your answers be as briefly and precisely as possible.
BIKKEGRA Why are you no longer pregnant?

1. Did you have an induced abortion?
   Please excuse me for having troubled you. I shall see to it that you are not contacted anymore by this investigation. Goodbye.

   This investigation is not suitable for you. Please excuse me for having troubled you. I shall see to it that you are not contacted anymore by this investigation. Goodbye.

3. Gave birth in week 34 or later
   Unfortunately we did not manage to contact you while you were still pregnant. We hope that we may still contact you when your child is 6 months old. We will send you a postcard with appointment for a new interview when we get so far. Please excuse me for having troubled you. Goodbye.

4. Induced abortion due to disease in child → BIKKEGR4
5. Spontaneous abortion → BIKKEGR4
6. Pregnancy outside uterus → BIKKEGR4
7. Have given birth → BIKKEGR4
8. Have given birth before 30th week of gestation → BIKKEGR4
9. Other, description... → BIKKEGR4
10. Do not want to answer → BIKKEGR4

BIKKEGR2 Other, text

BIKKEGR4 Still, I would like to ask you if you would participate in this interview, in spite of what has happened. Your answers will be used for scientific purposes about why pregnancies do not always go as planned and this knowledge will be of benefit to others. What will happen then is that an interviewer that is aware of the fact that you are longer pregnant will call you up in the nearest future. Would you be interested in that?

1. yes
   Fine, we will call you within the next month. Sorry that I have disturbed you now.

2. do not know
   Well, then I will send you a letter explaining the purpose of this investigation. Then you can decide. If you do not want to participate, please indicate so by putting a cross on the letter. Goodbye.

3. no
   Then please apologise for the inconvenience. I shall see to it that you will not be contacted again by the investigation #Better Health for Mother and Child". Goodbye.

 Please fill in a green form!
I will begin the interview by asking you about different medical examinations during pregnancy.
